Dear Ms. Aitken:

We are in receipt of Mr. Wassersug's letter dated August 17, 1984, with regard to the property located in Upper Merion Township. Our initial review of our records has not revealed any documents indicating a connection between Congoleum Corporation and the site in Upper Merion Township or the O'Hara Sanitation Company. The only documents we have that are even arguably relevant to your request are two documents, not in Congoleum's files, that were furnished to us by EPA, which EPA claims relate to the O'Hara site. These documents were provided to us by Joe Donovan of your office.

I believe this is responsive to your request. If you have any questions regarding the foregoing, please contact me at (201) 991-1000.

Very truly yours,

*Richard George*
